Pittsburg, Pa., April 30—Unique in the annals of journalism and newspaper enterprise was the achievement recently of the Pitts-

burg Post, which reported by wireless telephone of fight of Johnny Ray, of Pittsburg, and Johnnie Dundee, of New York, lightweights. Instantaneous service of the fight, round by round and blow by blow was given by the Post reporter at the ringside, enabling the newspaper to have an extra on the streets a few minutes after the last gong sounded. Reports from all over the country indicate that wireless telephone operators were treated to the action of the ring battle with all the realism of each blow and each bit of ring strategy enacted the instant it occurred.

An Associated Press dispatch from Hartford, Conn., stated that the Dundee-Ray boxing match was "heard" in Hartford. "A wireless telephone brought the sounds of the conflict, the clang of the gong and the shouts of the fans to a group of wireless enthusiasts assembled at a private radio station," the dispatch said. Hiram Percy Maxim, the wireless expert, was present.

WAGON FACTORY NOW MAKES AUTOMOBILE

K. P.'S ENTERTAIN MOST DELIGHTFULLY

One of the most delightful fraternal affairs ever held in Richmond in a long time was that at the Knights of Pythias Hall Friday evening. The Sir Knights entertained their wives, sisters, sweethearts, and many friends with an attractive reception. Music added to the pleasure of the evening, and a most delightful menu was served. The members of this great order made all feel that it was good to have been there. Messrs. O. P. Authentic Styles for Taffeta

ONE of the reasons for the perennial return of taffeta to feminine favor, for spring and summer frocks, is its durability. It is manufactured now in soft qualities that still retain its crispness and no one need hesitate to include taffeta in planning a summer wardrobe. It is the ideal material for the present mode of the long waisted and the full skirt, sponsored by many models from the spring openings. Models that show the low waistlines, longer skirts, with a little more fullness and bouffant in outline. The models illustrated include all these authentic style points. The one with the short, straight skirt depends almost entirely upon the material for adornment, but taffeta is in itself an invitation to ribbons to come and be at home with it; therefore the skirt has a trimming of self cording and two rows and bows of narrow moire ribbon in a contrasting color. Puffings of the silk over the hips give it the desired bouffant effect. Having indulged in this little frivolity, the frock preserves its dignity by a waist which is plain, except for two corded

SAM REID HANGS UP A REAL RECORD

Madison Hi Twirler Fans 23
Lancaster Batters and Holds
'Em to Two Measly Hits

Sam Reid, Madison High's star twirler, made what is said to be an amateur record for Kentucky for the past several seasons when he struck out 23 batters and held his opponents to two hits in a game that the Madison Hi School won from Lancaster Hi School team here Friday afternoon by a score of 6 to 2.

This boy has everything that a big league twirler in the making should have. It seems, and it isn't on the big line some of these days a lot of old time fans who have been watching his work, are going to be mightily fooled.

In a brilliantly played contest Friday afternoon the Madison Hi School nine defeated Lancaster Hi by a score of 6 to 2.

Owing to the condition of the diamond a few costly errors were made but on the whole it was a very interesting game.

Lancaster started the game off with a rush by scoring one run in his first inning and the Madison boys settled down and Lancaster could not score after the third inning. Madison was unable to score until the third, when T. Stone beat out an infield hit, stole second and third and scored by a brilliant dash and a perfect slide under the catcher starting Madison on the way to victory. Lancaster scored again in the fifth on a bunt, two stolen bases and an error by Reid.

In the seventh with the score two to one against them, the home boys came to bat determined to score. Chambers, first man up, was safe at first on a fumble at short and took second on the overthrow at first. T. Stone beat out an infield hit, stole second, Chambers and T. Stone scored on Reeves' hot single to center. Reid singled to center, Reeves taking second. Reid and Reeves pulled off a double steal. Brock popped to pitcher. Blevins grounded to pitcher, Reeves beating the throw home. Blevins taking second.

Kunkel cut in with a timely smash to left field, scoring Reid and Blevins. Noland ended Lancaster's misery by a line drive to second. Reeves handicapped by an injured back, showed plenty of grit and determination by remaining in his place throughout the game. Blevins after the first inning played a steady game on first. Brock, although having no fielding chances electrified the crowd in fourth by smashing a terrific drive over the right field fence, which was labeled for a homer, but the fielder using excellent judgment, and by an almost superhuman throw to the catcher threw Brock out.

at home plate. Noland, at third, had no fielding chances but succeeded in getting on base three times, two walks and getting hit by the pitcher. F. Stone not only played a fine game at short but came through with three hits, each one being in a place where hits meant runs. The outfield had no fielding chances but Kunkel batted in two runs by a timely smash in the seventh. The Madison boys play at Mt. Sterling next Friday for one of the hardest games of the season and they have high hopes of returning with another scalp added to their already long string of victories. The score—

Mrs. Sid Lowry is slowly improving.

Jesse, Jr., the infant son of Mr. and Mrs. Jesse Tudor, is convalescent from an attack of whooping cough.

Mr. and Mrs. Clifford Heathman, Mr. and Mrs. Arthur Heathman and Miss Anna Heathman, of Danville, were guests in the home of Mr. and Mrs. Charles Heathman last Sunday.

The stork has made two visits to this place recently, leaving a Howard and a girl with Mr. and Mrs. George Million.

Mr. Rufus Jenkins spent Tuesday in Lexington, where he went for treatment under a specialist, who has been treating him for several weeks.

Masters Travis and Robert James and little Miss Elsie Million were guests of Mrs. Mary Bates Milled in Richmond Tuesday evening and attended the opera, "A Merry Company," given by the rural school students in the Normal chapel.

Friends of Miss Grace Hourigan, the very popular and efficient

primary teacher, who at the expiration of the school term left for a visit to her sister in Bedford, Ind., have received word from her that she is having a delightful visit and that she stopped over in Louisville and attended the K. E. A. meetings, all of which were good, but that she was most interested in the discussions of the rural school problem. The last number of the lyceum course will be given by the Aeolian Concert Company at the high school May 3 at 7:30 p. m. Every body is invited.

State Board To Control All Health Activities

Louisville, April 29—All public health nursing in Kentucky including that heretofore under direction of the American Red Cross and the Kentucky Tuberculosis Association, will be under the State Board of Health. Dr. A. T. McCormack has just returned from Washington where he made final arrangements for transfer of authority from the Red Cross to the State Board.

Convict Who Wouldn't Work Laughs Self Into Asylum

Frankfort, Ky., April 29—Because Robert Logan, negro convict, laughed when he was put in jail for refusing to work, and refused to become penitent, he was tried for lunacy and sent to the state hospital at Lexington. He was serving a 21-year sentence for having killed another negro in a pool room fight at Springfield.

Playmates Save Boy's Life With Handkerchiefs

Louisville, April 29—Playmates using knotted handkerchiefs as a tourniquet stopped the flow of blood and saved the life of Andrew Boling, 14, who, while playing basket ball outside the Valley Station school, fell upon a broken milk bottle and cut a four inch gash in his hand which severed arteries. Dr. J. B. Cooper took the boy to Sts. Mary and Elizabeth Hospital where nine stitches were taken to close the wound.

Easy Way of Making Dress Ruffles.

Ruffles, wide and narrow, are going to be used extensively as trimming on the shorter wash dresses, during the coming summer. Organdie, dimity, voile, tulle, lawn, and even the heavier gingham will be ruffled. For the home dressmaker the construction of an even ruffle is something of a problem. Even when one's sewing machine has a ruffling attachment not all requirements can be met. For the ruffle that needs some special adjusting, or in case of one's not possessing a machine ruffer, the tension of the machine may be loosened, the stitch lengthened, and the material to be ruffled simply stitched. This done the under-thread may be pulled up and the fullness adjusted wherever needed.

ALL UP TO THE SCHOOL-MA'AMS

Kentucky Teachers Are Most Important Factor In \$300,000 Drive

GILBERT URGES ACTION

"The country school-ma'am—that faithful, endearing bulwark of progress and enlightenment—is the personage on whom the success of Kentucky's \$300,000 drive to build a new Children's Home depends. The country school-ma'am is the one who is in the direct position to take charge of the campaign in her school and get the children interested," according to George L. Schon, superintendent of the Kentucky Children's Home Society.

V. O. Gilbert, state superintendent of schools, urges all teachers to put their best efforts into the campaign until it closes the last week in October. "County superintendents are often too busy to enter personally into the campaign, and perhaps the teachers think it is not up to them to take the initiative in the matter. I want to urge all county superintendents to put forth their best efforts into the campaign, but if some should happen to forget their duty in this matter, I want to see the teachers themselves take hold and push it through to the great success it deserves. Many of the prominent people over the state who would be willing to direct a campaign in their locality, are busy taking part in the political campaign. Here is a chance for teachers over the state to show their initiative and qualities of leadership and management in their schools and communities."

A Business Investment.

The new home which will be built after the campaign, will be a group of cottages on a farm ten miles from Louisville. This will provide wholesome surroundings for the children, and the duties connected with the management of the farm will give vocational training to the older children in the care of the Kentucky Children's Home Society.

"It is not only a good, charitable cause, but a sound business investment," Mr. Schon said. "Instead of the constant yearly drain to provide for the Kentucky children that come into our care, we have fifty acres of ground upon which to raise provisions, which will more than pay for the cost of the food supplies. The Odd Fellows' Home at Eminence, Ky., which cultivates thirty-seven acres, raises more food than is consumed, and there is a surplus to apply to other expenses."

OLD EASTERN NINE WINS ANOTHER

Ballou Takes His Third Straight Victory, Sue Bennett Being Victim, 15 to 8 Score

Old Eastern came through with another victory on the diamond Friday, defeating the nine from Sue Bennett Memorial of London, by a score of 15 to 8.

Ballou thus won his third straight victory since joining the Normal team. He whiffed 14 men and allowed six hits. In the eighth and also the ninth innings he had to pitch only four balls to retire the side.

It looked quite bad for Eastern at the beginning of the fifth inning as the score stood 5 to 2 in Sue Bennett's favor. Fox started the rally with a triple. Some hard hitting combined with errors and walks brought victory to the Normalites. From this inning on it seemed to be a knock-in-the-head for the Normal. Mainous played a sensational game at third, making three put-outs, no errors, and three assists.

Smith was hurt in the fourth inning when a pitched ball hit his knee-cap. Fox took his place as catcher and was in the same place on the fourth ball pitched but did not retire from the game.

Normal plays the same team today and Model Hi plays Winchester Hi; let's see a close game today. We haven't seen one since Ballou and Smith came. The score:

WEAK; RUN-DOWN

Carolina Lady Got So She Could Just Drag.—"Cardui Built Me Up," She Declares.

Kernersville, N. C.—In an interesting statement regarding Cardui, the Woman's Tonic, Mrs. Wesley Mabe, of near here, recently said: "I have known Cardui for years, but never knew its worth until a year or so ago. I was in a weakened, run-down condition. I became draggy—didn't eat or sleep to do any good; couldn't do anything without a great effort. I tried different remedies and medicines, yet I continued to drag. "I decided to give Cardui a trial, and found it was just what I really needed. It made me feel much stronger soon after I began to use it. I began to eat more, and the nervous, weak feeling began to leave. Soon I was sleeping good. "Cardui built me up as no other tonic ever did. "I used Cardui with one daughter who was puny, felt bad and tired out all the time. It brought her right out, and soon she was as well as a girl could be. We think there is nothing like Cardui." Do not allow yourself to become weak and run-down from womanly troubles. Take Cardui. You may not know it just what you really need. For more than 40 years it has been used by thousands and thousands, and found just as Mrs. Mabe describes. At your druggist's. NC-142

SOUTH IS PULLING ITSELF OUT OF MIRE

New Good Roads Projects Developing Fast All Over the Dixie Country

The South is pulling itself out of the mire. This year there is more good roads construction under way than ever before in the history of Dixie. This is the report of R. B. Parrish, pathfinder for the travel and transport bureau of the B. F. Goodrich Rubber Co., who has just completed his seventh annual winter tour of the highways in the southern states.

"Due to the vast extent of road building," says Parrish, "I found it difficult to get over the roads in the South while doing my work, however, the largest percentage of road building is in the nature of right-of-ways and new road beds."

"The new roads are being more efficiently surveyed, with better drainage, less grades, better bridges and safer curves. Most of the new bridges are being constructed of steel and concrete. The Southern farmer has learned that where he was once 35 miles or 24 hours from town or market, he is now, since the new roads have been finished, a short distance of three or four hours from market. A few years there were many places throughout the South where school children waded from one to five miles through mud to reach school. Now they ride in motor trucks provided for this purpose by the communities, over a hard surfaced road and with the protection to their health."

"Six years ago it was difficult to find a piece of hard surfaced road in the South as long as 25 miles, whereas at present there are any number of hard roads from 25 to 100 miles in length. The road drag, highly essential to sand, clay, gravel and dirt roads, has long since come into its own throughout the South and can be seen in use along any main highway."

That Southern people are alert to their urgent need of better roads is attested by the tremendous sums they have voted in recent state and county bond issues. Reports sent in to the Goodrich bureau show that \$276,900,635 is now available for good roads expenditures in the South. The amounts available in the various states are: Alabama, \$30,540,000; Arizona, \$15,300,000; Arkansas, \$4,900,000; Florida, \$4,965,000; Georgia, \$15,575,000; Kentucky, \$2,830,000; Louisiana, \$12,863,000; Maryland, \$3,000,000; North Carolina, \$15,459,635; Oklahoma, \$3,971,000; South Carolina, \$14,460,000; Tennessee, \$9,155,000; Texas, \$97,772,000; Virginia, \$50,000,000, making a grand total of \$278,590,635.

Only two of the above totals represent state wide bond issues—Alabama and Virginia. In most of the states the money was voted by a few of their counties. The total given for the state was voted by three counties in Arkansas; 9 counties in Arizona; 9 counties in Florida; 10 counties in Kentucky and 9 in Oklahoma. When the balance of the counties in these states take similar action the South's grand total for good roads is expected to be doubled.

MONUMENT TO MAN WITH RELATIVES HERE

MONUMENT

Mrs. Mary Harris, her son, Overton Harris, and his wife and daughter left their home in Newport, Ky., this week for Colfax, La., to attend the unveiling of a monument to W. Harris, who was fatally shot in a race riot in that city 48 years ago. Negroes took possession of the court house in Colfax, and Mr. Harris, leading a band of citizens, attempted to quell the mob. He was shot to death while ascending the court house steps under a flag of truce. Three white men were killed in the riot, and Mrs. Harris is the only surviving widow to attend the memorial ceremonies. Shortly after the death of her husband, Mrs. Harris came to Newport with her infant son. The unveiling of the monument took place Wednesday with impressive ceremonies. Mrs. Harris named above, was a close relative of Mrs. Callie Chenault and W. O. Chenault, of this city, and had other close relatives in this county and of Mrs. Telitha Arhuckle, of Muskogee, Okla., formerly of this city.

Miss Kathryn Estill was host at a theatre and card party Thursday afternoon at her home on East Main street. The ladies prize for top score was won by Miss Leona Cobb, the gentleman's prize to Mr. Otis Ealey. At the conclusion of the game a delicious two course luncheon was served the following guests, Misses Cordelia Masterson, Rebecca Anford, Leona Cobb, Cleo Reynolds, Messrs. Otis Ealey, J. A. Boyd, Joe Fields, Joe Maupin, and Green Durham. Miss Estill was assisted in entertaining by Mrs. George W. Turner.

Well Known Man Sinks To Rest

The remains of Mr. Milton Dudley, who departed this life Saturday, April 24, at his home on East Irvine street, were laid to rest in the old cemetery Tuesday, after funeral services at the Methodist church. Services were conducted by Revs. Coleman, Garr and Broadbush. Mr. Dudley was 68 years old, a native of this state, having been born at Concord. He was converted 50 years ago, having joined the church at Four Mile at that time. The last few years of his life were spent working for Mr. Zaring, who was exceedingly nice to him and his family during his illness and death. The other employees were let off the day of the funeral so they could attend.

He leaves to mourn his loss a wife, Mrs. Edna Dudley, two daughters, Ella Mai and Hazel, three sons, McKinley, Thomas and Edward, three grandchildren and a number of other relatives and friends. The active pallbearers were Messrs. Mat Turner, Mitchell Maupin, Dave Clay, Roy Trobble, Lafayette Gentry and Wm. Gentry.

Card of Thanks

I take this means of thanking the kind neighbors and friends who were so nice during the illness and death of my mother, the ministers, Revs. Broadbush and Miller, for the comforting words; the choir for their selections, and the undertaker, Mr. Newman, for his courteous treatment and the efficient way in which he conducted the funeral. Their kindness shall never be forgotten.—Ida May Bronson.

THIS WOMAN'S EXPERIENCE

Brings a Ray of Hope to Childless Women

Lowell, Mass.—"I had anemia from the time I was sixteen years old and was very irregular. If I did any house-cleaning or washing I would faint and have to be put to bed, my husband thinking every minute was my last. After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight-pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they ask me what made me strong I tell them with great pleasure, 'I took Lydia E. Pinkham's Vegetable Compound and never felt better in my life.' This testimonial at any time."—Mrs. ELIZABETH SMART, 142 W. Sixth St., Lowell, Mass.

This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

To the motorist who has quit guessing about tires —

ALONG about this time of year a man finds his motor-ing neighbors getting anxious about their tires. With folks expecting old tires to "pop" any minute, there comes the question of what kind of new ones to buy.

U. S. Tires are answering a lot of questions like this nowadays.

The U. S. Tire following embraces two kinds of tire buyers.

Those who started with quality first, and have never bought anything else but the quality standard tire.

Those who came to quality first only after dabbling with "bargains," "rebates," "job lot" and "surplus stock" tires.

Getting one hundred cents value on the dollar in tire buying is a straight-forward business proposition—not guess-work or a game of wits.

The most essential man for you to know today is the local U. S. Tire dealer who is concentrating on a full, completely sized line of U. S. Tires.

He gets his U. S. Tires straight from his neighboring U. S. Tire Factory Branch—one of 92 such Branches established and maintained all over the country by the U. S. Tire makers.

He is the man who can give you fresh, live tires—not stuff shipped to him from some point where it did not sell, but new tires of current production.

Giving the same quality, selection and price-advantage to the owner of the medium weight car as the big car owner gets. With equal service and buying opportunity whether he lives in the smaller localities or the greater centers of population.

THE U. S. NOBBY TREAD

Where the going is specially heavy with snow, mud or sand, in hilly country where maximum traction on the road is a factor, no other tire tread yet devised is quite so effective, or so wholly approved by motoring opinion, as the U. S. Nobby Tread.

Its very simplicity—two diagonal rows of oblong studs, interlocking in their grip on the road—is the result of all the years of U. S. Rubber experience with every type of road the world over.

"The most essential man for you to know today in the tire business is your local U. S. Tire Dealer."
